FRANK DOYLE'S DEATH

Caused His Administrator to File Suit for Damages.

TEN THOUSAND AMOUNT ASKED

Doyle Was Killed When His Engine Dropped Into the Great Washout Near Chestnut Street Crossing.

The Wheeling & Lake Erie railroad is asked to pay $10,000 for the death of Frank Doyle who went down with his engine into the great hole near the Chestnut street crossing early on the morning of Aug. 24, 1900.

The petition was filed by John Jaster, of Cleveland, administrator of Doyle's estate. He says he was appointed by the probate court of Cuyhoga county Sept. 13. Doyle left a widow and two children who were dependent upon him for support. They now reside in Cleveland.

The petition says Doyle was engineer of the freight train bound from Cleveland to Zanesville. Through the carelessness and neglect of the company, it says, the track was in an unsafe and dangerous condition, and by the exercise of care could have known and in fact did know of the dangerous condition of the track before the accident. The road was built on a bank of fine sand and gravel which would give way in case of heavy rain. It is built close to a gravel pit 40 feet deep, and so constructed that in a heavy rain a reservoir would be formed. The only outlet to this was a small tile placed too high on the roadbed to drain off the water until the reservoir was formed.

Jaster claims that the company was negligent because it did not have a rule providing for the patrolling of the track at all times and especially in time of heavy rain.

Schanfarbers Give Bond.

The Schanfarber brothers, of Columbus, were in the city Saturday afternoon to renew their bonds. They are under indictment on seven counts for obtaining money under false pretenses when in business in this city.

The bondsmen are H. J. Harris, of this city, and Jerry O'Shaughensey, of Columbus. Jake and Ike and O'Snaugheesey were the only ones that came from Columbus.

Appealed the Case.

March 20, Dr. W. H. Dean, of Tunnel Hill, got judgment against Miles McCoy for $12 60 on an account of $22.10 for services as physician. The judgment was given in Squire Wimmer's court.

Saturday afternoon Miles McCoy appealed the case to common pleas court.

Stockum & Donley are attorneys for Dean.

INCREASED COAL OUTPUT.

Coshocton County Mined More Last Year Than in Its Predecessor.

Figures compiled in the state mine inspector's office, show a great increase in the output of coal in Ohio during the past year.

The total output from January 1, 1900 to January 1, 1901, was 19,426,659 tons, an increase of 3,517,715 tons over 1899, the best year ever previously known.

Athens county leads all others, and takes the place heretofore held by Jackson county. The output of Athens county for 1900 was 2,594,859 tons, Perry, 2,517,258; Jackson, 2,319,331; Hocking, 2,311,679.

The year 1900 is the first in which the output in any county has exceeded 2,000,000 tons with the one exception, Jackson county in 1899, when the amount mined was 2,179,757 tons.

Increase for 1900 over 1899 are shown in every county of the state except Carroll, Columbiana, Lawrence, Medina and Portage. In twenty-five of the thirty counties in which coal is mined increases are shown.

ENGINE OFF THE TRACK.

Morgan Run Company Had Trouble In Pleasant Valley.

The engine used in taking coal from the Cassingham mines in Pleasant Valley was sent last week to the shops for repairs, and the engine of the Morgan Run railway was borrowed for the work.

Saturday it was pushing a train of six cars down Pleasant Valley when a rail broke and the two next to the engine left the track. That threw the engine off, and operations on the line were suspended. Hydraulic jacks were sent from the Wheeling shops at Canton and the engine and cars put on the track during Saturday night. The engine was not damaged.

SPRING'S SUNNY SMILE

Is Costing Coshocton Money Because it Does Not Appear.

Coshocton business men are anxiously awaiting the coming of warm weather.

"We know it will be here after a while," said one merchant, "but until it comes we are carrying large stocks of goods. If spring came in earnest we would be selling a good many more goods every day than we do at present. Some people buy now, but many will not touch a seasonable article until the season requires it."

THE LONG PURSE

Will Buy the Stock Held by Colonel Herrick and His Friends.

A man who is well acquainted with the affairs of the Wheeling said to THE AGE:

"I don't believe the fight for the Wheeling & Lake Erie now going on between the Pennsylvania and the Wabash is over. Colonel Herrick is at the head of the syndicate that sold the old Cleveland, Canton & Southern to the Wheeling, and holds enough stock to swing the property any way he desires. In my opinion the long purse will win out, and the Wheeling will only become a Pennsylvania branch after it has paid a big price for it. This talk of sales already made is very pretty, but the real battle is yet to come."

STIPES MADE PROTEST

He Declared the Election Board Exceeded Its Authority

IN ADOPTING RECOMMENDATION

After it Had Refused to Act on the Disputed Ballots Cast for Kuntz or Rinner in the Fourth.

After almost two weeks of waiting the election board has passed on the two disputed ballots cast in the Fourth precinct. George A. Hay, W. M. Smith and Robert Speck decided they had no jurisdiction to pass on the ballots, but recommended to Clerk Wagner how he should count them. Charles Stipes the other member of the board refused to vote on the ground that if it had no authority to pass on the ballots it had no right to instruct the clerk.

The meeting was held Saturday evening in the office of Clerk McDowell and was not the most pleasant gathering imaginable. George A. Hay presided and all members were present.

Twenty-seven Democratic ballots had come in from Crawford township. The Republicans had no ticket in the field but the names of candidates were written on the Democratic side. The board threw them out, deciding it could not ascertain the intent of the voter.

Then came the question of the doubtful ballots cast in the Fourth precinct. It was brought out by Smith who had a neatly folded typewritten statement of some sort in his hand. This was submitted. It follows:

F. F. Wagoner, clerk of the Incorporated Village of Coshocton, O.

Sir:

Enclosed herewith you will find the two ballots transmitted to us by the election officers of Precinct No. 4 in said village, cast at the last April election held in said village, as ballots "concerning the legality of which there was doubt and difference of opinion in the minds of the judges of said election," as to whether or not such ballots should be counted in such election, and the statement of said judges as required by law that said ballots had not been counted for any candidate at such election.

It is the opinion of this board that we have nothing to do with passing on the question of whether or not these ballots should be counted in determining to whom your certificate of election should be issued, as this matter is by law left with you alone, but as there seems to be some difference of opinion on the subject and as it is desired that this matter be brought to as speedy a conclusion as possible we will say that after a careful examination and canvass of said two votes we are of the opinion that said two votes should be counted as follows, and should it be found we have such authority our finding is that to the vote of each candidate in such precinct there should be added the following votes:

To Joseph L. McDowell for solicitor one vote; to Seth C. Duncan for solicitor one vote; to M. W. McNaughton for councilman two votes; to L. B. Barcroft for councilman one vote; to L. T. Judd for councilman one vote; to E. C. Rinner for councilman one vote; to E. J. Kuntz for councilman none vote; to John C. Merrell for councilman one vote; to Joseph Keagy for water works trustee two votes; to John J. Rose for cemetery trustee one vote; to M. S. Trovinger for cemetery trustee one vote.

Respectfully submitted,
GEORGE A. HAY
W. M. SMITH
C. R. SPECK.
Deputy supervisors of election for Coshocton county.

Mr. Smith promptly moved that this document which he had presented be adopted and certified to F. F. Wagner, village clerk, together with the doubtful ballots returned to the board of deputy state supervisors of election for Coshocton county from precinct No. 4 by C. E. Cottom, presiding judge. Speck seconded the motion and Hay, Smith and Speck voted aye.

Charles Stipes, the Democratic member of the board refused to vote. He expressed the belief that this action on the part of the board, recognizing the fact that it had no authority to pass on the disputed ballots and then recommending to the clerk how he should act, was presumptuous and a reflection on council. The opinion rendered by the board was of no consequence and should have no weight, he said, because the law does not allow that body to render an opinion. If the legislature had ever intended the board to express an opinion it would have clothed the body with authority to pass on disputed ballots for council. Stipes ended by saying he believed in voting only on such questions as the law allowed him. Mr. Stipes' position is sustained by the state law and a decision of the supreme court.

That settled the matter so far as the meeting of the board was concerned.

The only authority the city clerk has is to declare the result a tie and let the two candidates cast lots to settle it. The clerk's duties are purely ministerial, having no authority to go behind the returns or pass upon any ballots. The law and the authorities are very clear on this subject, also any young count having rendered a decision to that effect.

The disputed ballots are in the possession of Clerk Joe McDowell, of the election board.

The decapitated official was the leader of the Kim faction, which has been engaged for months in deadly rivalry with the Mine faction, led by Min Kongsik, for the domination of Korean politics The Min faction learned of the plot against the prince imperial and a street fight between the factions resulted After Kim Yang Chun was beheaded, that clique gathered in such force that Min Kongsik and his chief supporters were imprisoned, Min being ordered banished for 15 years, Ku Won Chai, minister of war, and another official, adherents of Kim Yang Chun, resigned, and precipitated a cabinet crisis Li Chi Yong, minister of the household, and Governor Yim Tak Yong of Kyonkide, were arrested for complicity in the same plot It was planned to take Lady Om and her son away from Seoul and await a favorable opportunity to place the latter on the throne.

The Shapes of Neckwear

For this season are smaller than for a year ago. The narrow

DERBY, BUTTERFLY and BATWING STYLES

have been Influenced by the narrow opening of the high banded turned down collars, and the size of the cravat makes it possible to put a far BETTER QUALITY OF SILK in it than ever before.

Our Fifty Cent Neckwear is Made Up in Silks

that a year ago could not possibly have been used, on account of the COST OF MATERIAL IN THE LARGE SHAPES THAT WERE THEN IN DEMAND.

Solid colors in Blacks, Blues, Reds and Greens are to be found in our stock in large numbers, together with

BEAUTIFUL FANCY PATTERNS, MANY OF WHICH WERE IMPORTED ESPECIALLY FOR US,

and can be found in no other store in town.

RIDDLED WITH SHOT

Negro Dropped by a Mob While Under Arrest.

HAD HELD UP AND KILLED A WHITE.

Abolition of Martial Law in Idaho Followed by an Attempt on Officers' Lives, One of the Assassins Being Killed—Arsenic in a Well—Record of Crime.

Hastings, Fla., April 15.—Julius Eskew, manager of the Armstrong Turpentine company, near here, was shot and killed by Jim Kirby, a negro. Eskew had $150 on his person and the negro wanted the money. After Eskew was dead, it is said, Kirby started towards the body for the purpose of robbing it, but was frightened away. He escaped into a swamp, where he was captured with the aid of bloodhounds. While Sheriff Perry was waiting in the depot with the negro to take him to St. Augustine, unknown parties fired through a window and put five bullets into Kirby's back. He thought he would die and made a confession, implicating Robert Lee, another negro. Bloodhounds are now after Lee.

Hostilities Renewed.

Wallace, Ida., April 15.—Jack Powell was shot and killed at Mullen by Deputy Sheriff Williams. Three men fired from ambush at Deputy Sheriffs James Rose and Williams about midnight, wounding Rose twice in the right arm and once in the right thigh. Deputy Williams fired six or seven shots in the direction of the flashes and fatally wounded Jack Powell. Martial law, which has been in force in Shoshone county since the Bunker Hill and Sullivan concentrator was blown up on April 29, 1899, was abolished last Thursday by Governor Hunt. Threats had been made that with the abolition of martial law all who served as officers under it would be "done up," and it is said these officers never went out alone after dark.

Clever Bank Swindler.

Toronto, April 15.—A clever bank swindler has made a heavy haul in Toronto, the total amount of which will not be known until the tellers and ledger keepers in various banks check up business. A stranger, claiming to live in Halifax, opened an account in the Imperial bank, depositing $50. Shortly afterward he presented a check for $20, which was marked by the ledger keeper. During the rush preceding the close this check, raised to $2,445, was presented to the teller and cashed. The same procedure was adopted at the Bank of Commerce, where a check raised from $20 to $2,900 was cashed.

Echoes of the Battle.

Mayking, Ky., April 15.—Later advices from Boone's Fork are that Deputy Sheriff John H. Elkins of Whitesburg, who was on Wright's side, was shot twice, once in each shoulder. Creed Potter, with John Reynolds, was shot twice across the back, only slight flesh wounds. John Reynolds is believed to be shot fatally. Twenty more from the Potters and Bentleys joined the Reynolds faction. A dozen armed men guard the house where John Reynolds is being nursed. The others occupy positions for picket duty. The Wrights have received over a dozen armed recruits.

Poison In a Well.

Evansville, Ind., April 15.—The family of Chris Eislin, consisting of seven, ate soup for supper and all were taken suddenly ill. The youngest child, 12, died in agony. The coroner was called in. An examination of the well in the rear of the yard showed traces of arsenic. Five members of the Curry family, who live next door to the Eislins and who use water from their cistern, are also in a serious condition. The deed is supposed to have been done by a tramp.

Hard Struggle Ahead.

Anaconda, Mon., April 15.—Six weeks ago 60 members of the Machinists' union, employed by the Anaconda Copper Mining company at this place, went on strike for a 9-hour day at 45 cents an hour. There are 600 men affected by the trouble, with indications pointing to a protracted struggle. The Molders' union has, under similar grievances, joined the strikers, and as a result the foundry department of the Anaconda company has been shut down.

Feudist Trapped.

Sneedville, Tenn., April 15.—Evan Bledsaw, a feudist, was found dead sitting in an upright position against a tree, grasping his winchester tightly. He had been shot from the rear. It is believed he had been decoyed to the isolated spot in the hope of capturing the man who killed his father. Bledsaw killed John M. Tate, but it is not believed the Tates killed Bledsaw. He had been dead several days when found.

Engaged In a Fight.

Wheeling, April 15.—At a school entertainment at Cool Breeze school, 10 miles east of here, William, Lash and Earl Marshal, brothers, and Willie, Albert and George Guy, brothers, engaged in a fight, the result of a long standing feud. William Marshall was shot in the back and fatally wounded. The others were badly injured.

He Confessed.

Carbondale, Ills., April 15.—Several days ago a letter was found at the door of Murray Dean's place of business, demanding $8,000 under penalty of destroying his property. Frank Lynch, a farmer living near Ava, has been placed in jail charged with the crime. Shortly after his incarceration he confessed.

AT A CROSSING

Three Persons Are Killed and a Fourth Badly Injured.

Wilkesbarre, Pa., April 15.—While crossing the tracks of the Lehigh Valley railroad at South Wilkesbarre, a party of four was run down, three persons being killed and the fourth injured. The dead are: Morris O'Connell, Mrs. Morris O'Connell, Mrs. Frank Cranmer. Injured: Frank Cranmer. A freight had been blockading the crossing. As soon as it moved out the party started to cross the track, but did not notice the approaching passenger train from another direction. The engineer of the express failed to see the people on the track until the locomotive had ploughed into them.

Ripley Trial.

Frankfort, Ky., April 15.—The trial of Garnett D. Ripley as an alleged conspirator in the murder of Goebel was resumed at noon. The defendant himself was the first witness for the defense. It is known that ex-Governor Bradley and Judge W. H. Yost reaffirmed their statements, and they say that Ripley did not accompany his statements with any such explanation as Attorney O'Neal gave in outlining the case for the defense. There is a report that both Bradley and Yost, in their testimony before the grand jury, told much more than they did on the stand last week. The prosecution asked them questions bearing on only one point, and the defense did not cross-examine them.

Big Plant Burned.

Boston, April 15.—The main building of the extensive blower works of the B. F. Sturtevant company, in the Jamaica Plain district, was burned, causing a loss of $350,000. The concern manufactured various kinds of machinery and electrical goods, as well as blowers. All patterns and plans were destroyed. The company had recently added $75,000 worth of tools and machinery and had a large amount of electrical work ready for shipment. It also had a large number of engines and blowers for the government for use on battleships and cruisers, in course of construction, all of which were destroyed.

Transport Sails.

Vallejo, Cal., April 15.—The naval transport Solace will sail on Tuesday for Guam and Manilla, carrying a large cargo of machinery, provisions, clothing and stores. For Guam there is a large quantity of provisions and clothing and 500 good-sized orange trees. Fifty officers will go on the ship as passengers. A number of them will be accompanied by their wives. The Solace is weighed down with old guns and chains taken along as ballast for the return trip. A large draft of sailors will arrive from the east to take passage on the Solace.

Cudahy May Go.

Omaha, April 15. — E. A. Cudahy said that his going to Dallas, Tex., would depend entirely on the result of County Attorney Shields' visit to that city in connection with the alleged confession of H. C. Henderson to complicity in the abduction of young Cudahy last December. Should he become practically certain that Henderson was one of the kidnapers, Mr. Cudahy and his son will leave for Dallas during the present week, when the young man will attempt to identify Henderson.

Will Go Into Politics.

New York, April 15.—For the first time since they were organized, the principal building trades unions in this city decided to go into politics and start an independent labor party. This decision was reached at a meeting of delegates from 21 unions, represented in the board of walking delegates. The meeting was called on account of the recent decisions of the court of appeals declaring the prevailing rate of wages law and the state stone-dressing law unconstitutional.

To Restore Jewish Nation.

Milwaukee, April 15.—Fifteen hundred Hebrews held a meeting in interest of the Zionistic movement and demonstrated approval of the plan which, it is hoped, will restore the ancient prestige of the Jews as a nation. The plan is to raise a fund sufficiently large to purchase the land of Palestine from the Turks and make it a refuge for oppressed Jews of every land.

An Author's Passing.

Omaha, April 15.—Colonel J. R. Musick died of heart failure at his apartments in this city. Injuries received while rescuing the injured after a cyclone at Kirksville, Mo., led to his death. Mr. Musick devoted a greater part of his life to writing historical stories for young people. His most ambitious work was the "Columbian Historical Novels," in 12 volumes.

Workmen Dissatisfied.

St. Paul, April 15. — Trouble of a serious character is brewing among the building trades of St. Paul and a general strike is said to be imminent. The trouble came about through a demand made on the painters and decorators by the masters' association that they withdraw from the building trades council. The painters have resisted this demand.

Convent Fired.

Madrid, April 15.—Dispatches from Lisbon announce that an attempt was made to destroy by fire the Jesuit convent at Aveiro, Portugal, but the flames were extinguished by the police. The incendiaries have not been discovered.

Genoa Dock Laborers Out.

Genoa, April 15.—At a meeting of the dock laborers here a general strike was decided upon. This will delay many steamers.

NEWSPAPERARCHIVE®

NOT UNTIL TOMORROW.

Will Rev. Hunt Go To Presbytery at Frazeysburg.

The Presbytery of Zanesville will begin its sessions at Frazeysburg at 7 o'clock this evening. Rev. Dr Hunt will not go until tomorrow morning. He does not know who the regular delegate selected by the session is. The common course is to send two commissioners, as they are called, to report the action of the congregation on the matter of a pastor's resignation. The usual course in a divided congregation is to select one from the majority and one from the minority, but in the case of the Coshocton church both were selected from those who were recognized as opponents of Rev. Dr. Hunt.

Another matter of importance to be decided by Presbytery is the correction of the record on the matter of revision of the confession of faith.

The Zanesville *Signal* charges that the record of Zanesville presbytery "as transmitted by its stated clerk, Rev. JohnProctor Davis to Rev. Dr. Roberts, stated clerk of the general assembly, is not the true vote." The *Signal* thinks "it is more important for Presbyterians to be honest than to be orthodox and adds:

"Rev. Mr. Davis's report is as follows: For revision 8; for new and brief creed, 4; for dismissing the whole subject, yes, 12; total vote 24. Rev. Mr. Davis's figures are not correct. They are not what they purport to be. According to his figures a majority of the votes cast failed to vote for 'dismissing the whole subject.' As a matter of fact 14 votes were so cast and they constituted a majority of those present and voting."

JOHN ROBINSON COMING.

One of Coshocton's Favorite Circuses Wil Will Be in Town.

It will probably rain May 27. John Robinson's show will be here on that date and he was never known to have a clear day in Coshocton. He is, however, a favorite with the people of this city and section and will probably be greeted by a large crowd.

Harris' Nickelplate show will be here on an earlier date and the season will be inaugurated in style. Robinson's first car will be here this week.

IMPORTANT MEETING

Of the Board of Education Will Be Held This Evening.

The board of education will meet this evening in the office of Hon. J. W. Cassingham for the purpose of reorganization.

There are some other matters of importance to be considered by the board but it could not be learned whether they will be brought out tonight or at the next regular meeting of the board.

CHANGED THE PENSION.

John A. Weatherwax is Now Receiving Seventeen Dollars.

John A. Weatherwax, who served during the civil war with E company of the One Hundred and Forty-second Ohio, has been granted a new pension. Force the Only Means.

Limerick, April 15.—Mr. John Daly, mayor of Limerick, in the course of an address to a meeting here, said his recent visit to Chicago had convinced him that Irish-Americans would contribute nothing to the fund of the party seeking the freedom of Ireland through parliamentary agitation. He declared that it would not be desirable to put faith in constitutional agitation at a time when England's power trem[illegible] to the balance. [illegible]

RUSSIA AND THE JAPS

Bloody Conflict Anticipated at an Early Date.

BOTH PREPARING FOR THE STRUGGLE

Emperor of China's Immediate Presence at Peking Demanded by the Powers' Representatives—Maintenance of the Integrity of the Empire Said to Be Affected.

Peking, April 15. — The elaborate preparations which Japanese forces stationed here are making for an early start indicate that they expect war between Russia and Japan. Vessels arriving at Taku from Nagasaki report the mobilization of the Japanese fleet and the continuance of preparations on board ship for the anticipated struggle.

The Japanese minister, accompanied by General Yamaguchi, the Japanese commander, recently called on Prince Ching and notified him that the return of Emperor Kwang Su to Peking was urgently desired. It was pointed out to the Chinese plenipotentiary that the emperor's return was of the highest possible importance as affecting the maintenance of the integrity of the Chinese empire, and that he should come accompanied by every available Chinese soldier, by at least 20,000 men if possible. These troops, it was further contended by the Japanese minister, must be sent into Manchuria, as the Russians reported great disturbances there; and it was not right that the task of quelling the trouble should be thrown upon the shoulders of one nation. Finally Prince Ching was assured that, if the 20,000 Chinese troops could not suppress the disorders in Manchuria, other powers would send an international force to co-operate with China, which all the powers regarded as a friendly power. No reply having been received to this communication, Li Hung Chang was notified to the same effect, and told that Emperor Kwang Su must give an immediate answer.

Prince Ching says all his reports go to show that the missionary statements regarding a rebellion in Mongolia are not supported by the facts. Neither does he believe that the rebellion of General Tung Fu Hsiang amounts to much.

The conduct of the ministers of the powers over the negotiations with the Chinese plenipotentiaries caused much adverse comment among the military authorities. Their dilatory tactics have prevented what might have been accomplished two months ago. Even now the meetings of the ministers are postponed for the most trivial causes.

Attorney Failed to Show Up.

Kokomo, Ind., April 15.—Nearly 100 descendants of Andrew House, reported to have left an unclaimed estate worth $300,000,000, held a national convention here, seven states of the Union being represented. To their surprise their attorney, a St. Paul (Minn.) man, did not appear. It was a disappointment to those who had traveled hundreds of miles. The disgust of the attendants reached a climax when it was shown that the United States attorney for the Maryland district, in which the estate is alleged to be located, had repeatedly stated that no estate existed in Maryland. The delegates returned to their homes disillusioned.

Fought With the Boers.

Lisbon, April 15.—Among the Boer prisoners who recently arrived in Lisbon from Lourenzo Marques was a young American, Mr. Randolph Martinsen, who described himself as a son of the president of the Missouri, Kansas and Texas railroad. He was captured by the British, but released as an American on promising not to fight again. Subsequently he was arrested in Lourenzo Marques at the request of the British authorities, under suspicion of being a Boer agent. Mr. Martinsen, on being brought here, secured his release through the American charge d'affaires.

Making a Settlement.

Chicago, April 15. — Depositors in the defunct Palmer bank of Desplains will be paid one-half the money they lost when the institution closed its doors. Edmond Palmer, the banker, will give his personal note for the balance and pay the expenses of the settlement. The same arrangement has been decided upon as was made Saturday, when Mr. Palmer paid the depositors of the Centennial bank of Ashley, Ills., 50 cents on the dollar in cash. The liabilities of the Desplaines bank are about $20,000.

Desperado Killed.

Silver City, N. M., April 15.—Red Weaver, a well known border character and a reputed member of the famous "Black Jack" gang of bandits, has been killed at Alma, a little mining camp 70 miles northwest of here. Weaver had threatened to kill Tod Holliman, who had previously called him to account for certain remarks against a young woman's character. Later they met again and fired at each other simultaneously. Weaver fell dead with a bullet through his head. Holliman was exonerated.

Followed an Argument.

Memphis, April 15.—C. A. Ross of St. Louis shot and fatally wounded James Redmond of New York. The two men are followers of the races. The shooting resulted from a heated argument.

Volunteers Arrive.

San Francisco, April 15.—The transport Thomas arrived from Manila with 70 cabin passengers and 1,544 members of the Twenty-eighth and Thirty-fifth regiments of volunteers.

Farmer Tortured.

Bowling Green, O., April 15.—Three robbers bound, gagged and tortured D. K. Brower, 65, in their efforts to get the proceeds of a farm he had sold. They only secured $12, he having deposited the money—$4,400—in the bank. Before they found the deposit certificate, which proved his statement that the money was in the bank, they tortured him by applying lighted matches to his feet.

Strike Settled.

East Liverpool, O., April 15.—The strike of the miners employed by the Salem Coal company, Cherry Valley Iron company and the Grafton Coal company has been settled, and the miners, numbering almost 500 men, have returned to work. The demands of the men were granted and they will receive an increase of 5 cents on all coal mined.

Dead Body Found.

Richmond, Ind., April 15.—The badly decomposed body of George Wyburn, who came here several months ago from Ottawa, O., was found in an ice pond near this city. There is no evidence of violence.

Died of Fright.

Columbus, O., April 15.—Mamie Postle, 16, died of fright received when her horse ran away.

Believe They Were Dumped.

Wilkesbarre, Pa., April 15.—A meeting of representatives of the trainmen and telegraphers employed on the northern division of the Central Railroad of New Jersey was held at Ashley. It is reported that there was considerable dissatisfaction expressed over the terms of settlement of the threatened strike by the conference in New York. The brakemen and telegraphers feel that their interests have been sacrificed for the benefit of some other employes, the engineers in particular.

To Curb the Grain Combine.

Salina, Kan., April 15.—Farmers of Saline county have completed the preliminary organization of the association to prevent the grain combine building or leasing their own elevators, and a charter will be applied for at once. Efforts to form similar organizations throughout the wheat belt of Kansas and Oklahoma will be made with a view to having representatives at a state meeting, to be held in Salina on May 16.

Carpenters Locked Out.

Minneapolis, April 15.—A lockout began here, involving 500 or more carpenters and other workers. The Building Trades council and the Master Builders' association are the chief actors. Forty-four contractors are involved and they ordered their men off all jobs when they paid them. The trouble is caused by the refusal of the master builders to agree to the working rules of the carpenters' union.

A Noted Character.

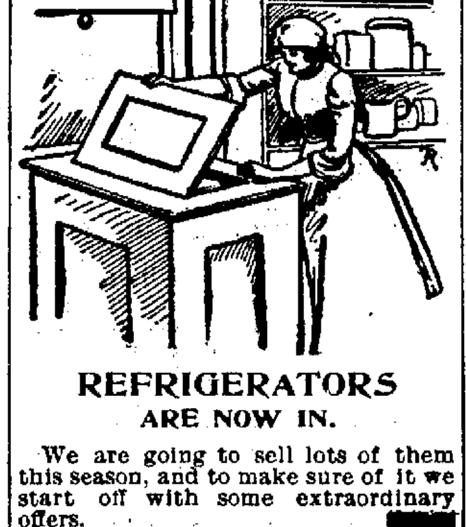

Washington, April 15. — Colonel James G. Berret, 86, former mayor of Washington and one of its best known citizens, died here. He was a native of Baltimore and had been twice a member of the Maryland legislature, and in 1858 and in 1860 was elected mayor of Washington as a Democrat. Colonel Berret had the friendship and esteem of many public men, both Democrats and Republicans.

Result of Bad Blood.

Wichita, Kan., April 15.—At Granite, O. T., J. T. New killed his brother-in-law, John Doyle. Both had revolvers, but Doyle did not attempt to use his weapon. He went into a neighbor's house to avoid the quarrel, but New followed him and shot him three times. Bad blood had existed between them. New is under arrest.

Noted With Alarm.

Vienna, April 15.—The Hungarian census shows the population of Budapest to be 703,448. The Jews number 166,000. This represents an increase of 62 per cent in the Jewish population during the last 10 years. The anti-Semitic journals note the fact with alarm.
